

# Hello, I am **Vladyslav**, Frontend Developer

Based in **Kyiv, Ukraine**, I'm passionate about creating engaging, digital experiences on the web.

# About me

## Skills

### HTML

Expert HTML skills, with a focus on semantic coding, accessibility and W3C validation.

### CSS

Highly skilled in CSS, Sass, Bootstrap, Tailwind and styled-components for exceptional designs.

### Javascript

Proficient in JavaScript, familiar with object/array methods, and APIs.

### React

Skilled in React, delivering fast, dynamic, and interactive user interfaces.

### Next.js

Experienced in Next.js, delivering fast and scalable websites, including server-side rendering.

### Typescript

Expertise in TypeScript, providing scalable and maintainable code for complex projects.

### Jest

Competent in Unit Testing (Jest, React Testing Library) for reliable and efficient testing.

### Git

Able to effectively manage code changes and collaborate with teams using version control systems

### Bundling Tools

Familiar with frontend bundling tools such as Vite, Rollup, Webpack, Gulp and PostCSS.

### Graphic Design

Knowledgeable in graphic design using Figma, Photoshop, and Illustrator to bring ideas to life.

# Working Experience

# Reviews

See what my past colleagues, managers and clients have to say about my frontend development skills.

I had the pleasure of working with **Vladislav** on a headless project that utilized **React** and **Salesforce Commerce Cloud**. His exceptional skills as a frontend developer were evident from the start, as he quickly learned and adapted to new technologies, workflow, and platforms. He consistently produced high-quality work, and his attention to detail was unparalleled.

Not only was **Vladislav** a talented developer, but he was also an incredibly responsible and reliable team player. His dedication to the project was unwavering, and he always went above and beyond to ensure the success of the project.

I am confident that **Vladislav** will make a valuable contribution to any frontend development role he takes on, and **recommend him** without hesitation.

**Oleksiy Vasin**

Frontend Development Lead, Astound Commerce
